Burgers: A Wendy's Classic

Wendy's is best known for its square-shaped burgers, which stand out in the world of fast food. The most iconic item on the menu is the **Dave's Single**, made with fresh, never frozen beef and topped with lettuce, tomato, pickles, ketchup, mayonnaise, and American cheese. For those with a bigger appetite, there's the **Dave's Double** or **Triple**, with two or three beef patties for extra protein. The **Baconator** is another fan favorite, featuring two beef patties, bacon, cheese, and creamy mayo – a perfect choice for bacon lovers.

If you're looking for a lighter option, the **Jr. Cheeseburger** is a great pick, offering a smaller portion with the same great taste.

Chicken Sandwiches: Tender and Flavorful

Wendy's chicken sandwiches are just as popular as their burgers. The **Spicy Chicken Sandwich** is a standout, featuring a crispy chicken breast coated in a zesty, spicy batter, paired with lettuce and mayo. If you prefer something milder, the **Classic Chicken Sandwich** offers a tender, juicy chicken breast with fresh toppings.

For those who want a salad with a little extra protein, Wendy's also offers a **Grilled Chicken Sandwich**, a flavorful option with a lighter feel.

Salads and Sides: Fresh and Tasty

For a healthier meal, Wendy's offers a variety of fresh salads. The **Southwest Avocado Chicken Salad** is a flavorful choice, featuring grilled chicken, avocado, mixed greens, and a zesty southwest dressing. The **Caesar Side Salad** is a lighter option, ideal as a side to complement your main dish.

When it comes to sides, Wendy's is known for its crispy **Natural-Cut Fries**, which are served with sea salt. For a sweet treat, try the **Frosty**, a creamy dessert available in chocolate or vanilla, perfect for pairing with any meal.
