Online Florist

An online florist is one that, in addition to (or instead of) having a physical point of sale, has a point of sale through its website: an online florist . There are fewer and fewer traditional florists every day, and the rise of online florists is increasingly growing, due to the changing [Enviar Flores a Domicilio](#) in today's society. People are increasingly looking to optimize their time, and finding a physical florist is sometimes not easy. At teleROSA, in addition to being a franchise with physical points of sale, we are also an online flower shop,
