Sell Your Hyperbaric or Cryogenic Chamber to Us

Dr. Hilliard and Atlanta Hyperbaric are amazing. We ordered a Life Force Medbed and could not be happier with our experience and purchase.

Dr. Hilliard made himself available to us for all of our questions and needs. He would respond to calls/texts within minutes, even if he is busy.

The training is great, the software is amazing and the ease of use of this chamber, along with all of the included bells and whistles – and there are many – is outstanding.

The chamber itself is VERY well constructed, it is very comfortable and it is very quiet. The noise level is so low that it does not interfere with communication between staff and/or clients. The unit uses 110v, so you do not need a 220v hookup. It plugs into the wall. We have run this machine all day and it barely gets warm to the touch, saving on AC costs.
